Jubba Agro

COMPANY BACKGROUND

JUBBA AGRICULTURAL EQUIPMENT SERVICE Co., Ltd. is one of the leading and recognized importers and suppliers of large-sized and middle-sized farm machineries' such as tractors, implements, attachments, farm accessories and inputs in Somalia.

Most of the companies farming operations take place in Afgoye district of Lower Shabelle region, where the company has its main office while it's sales office in the capital Mogadishu.

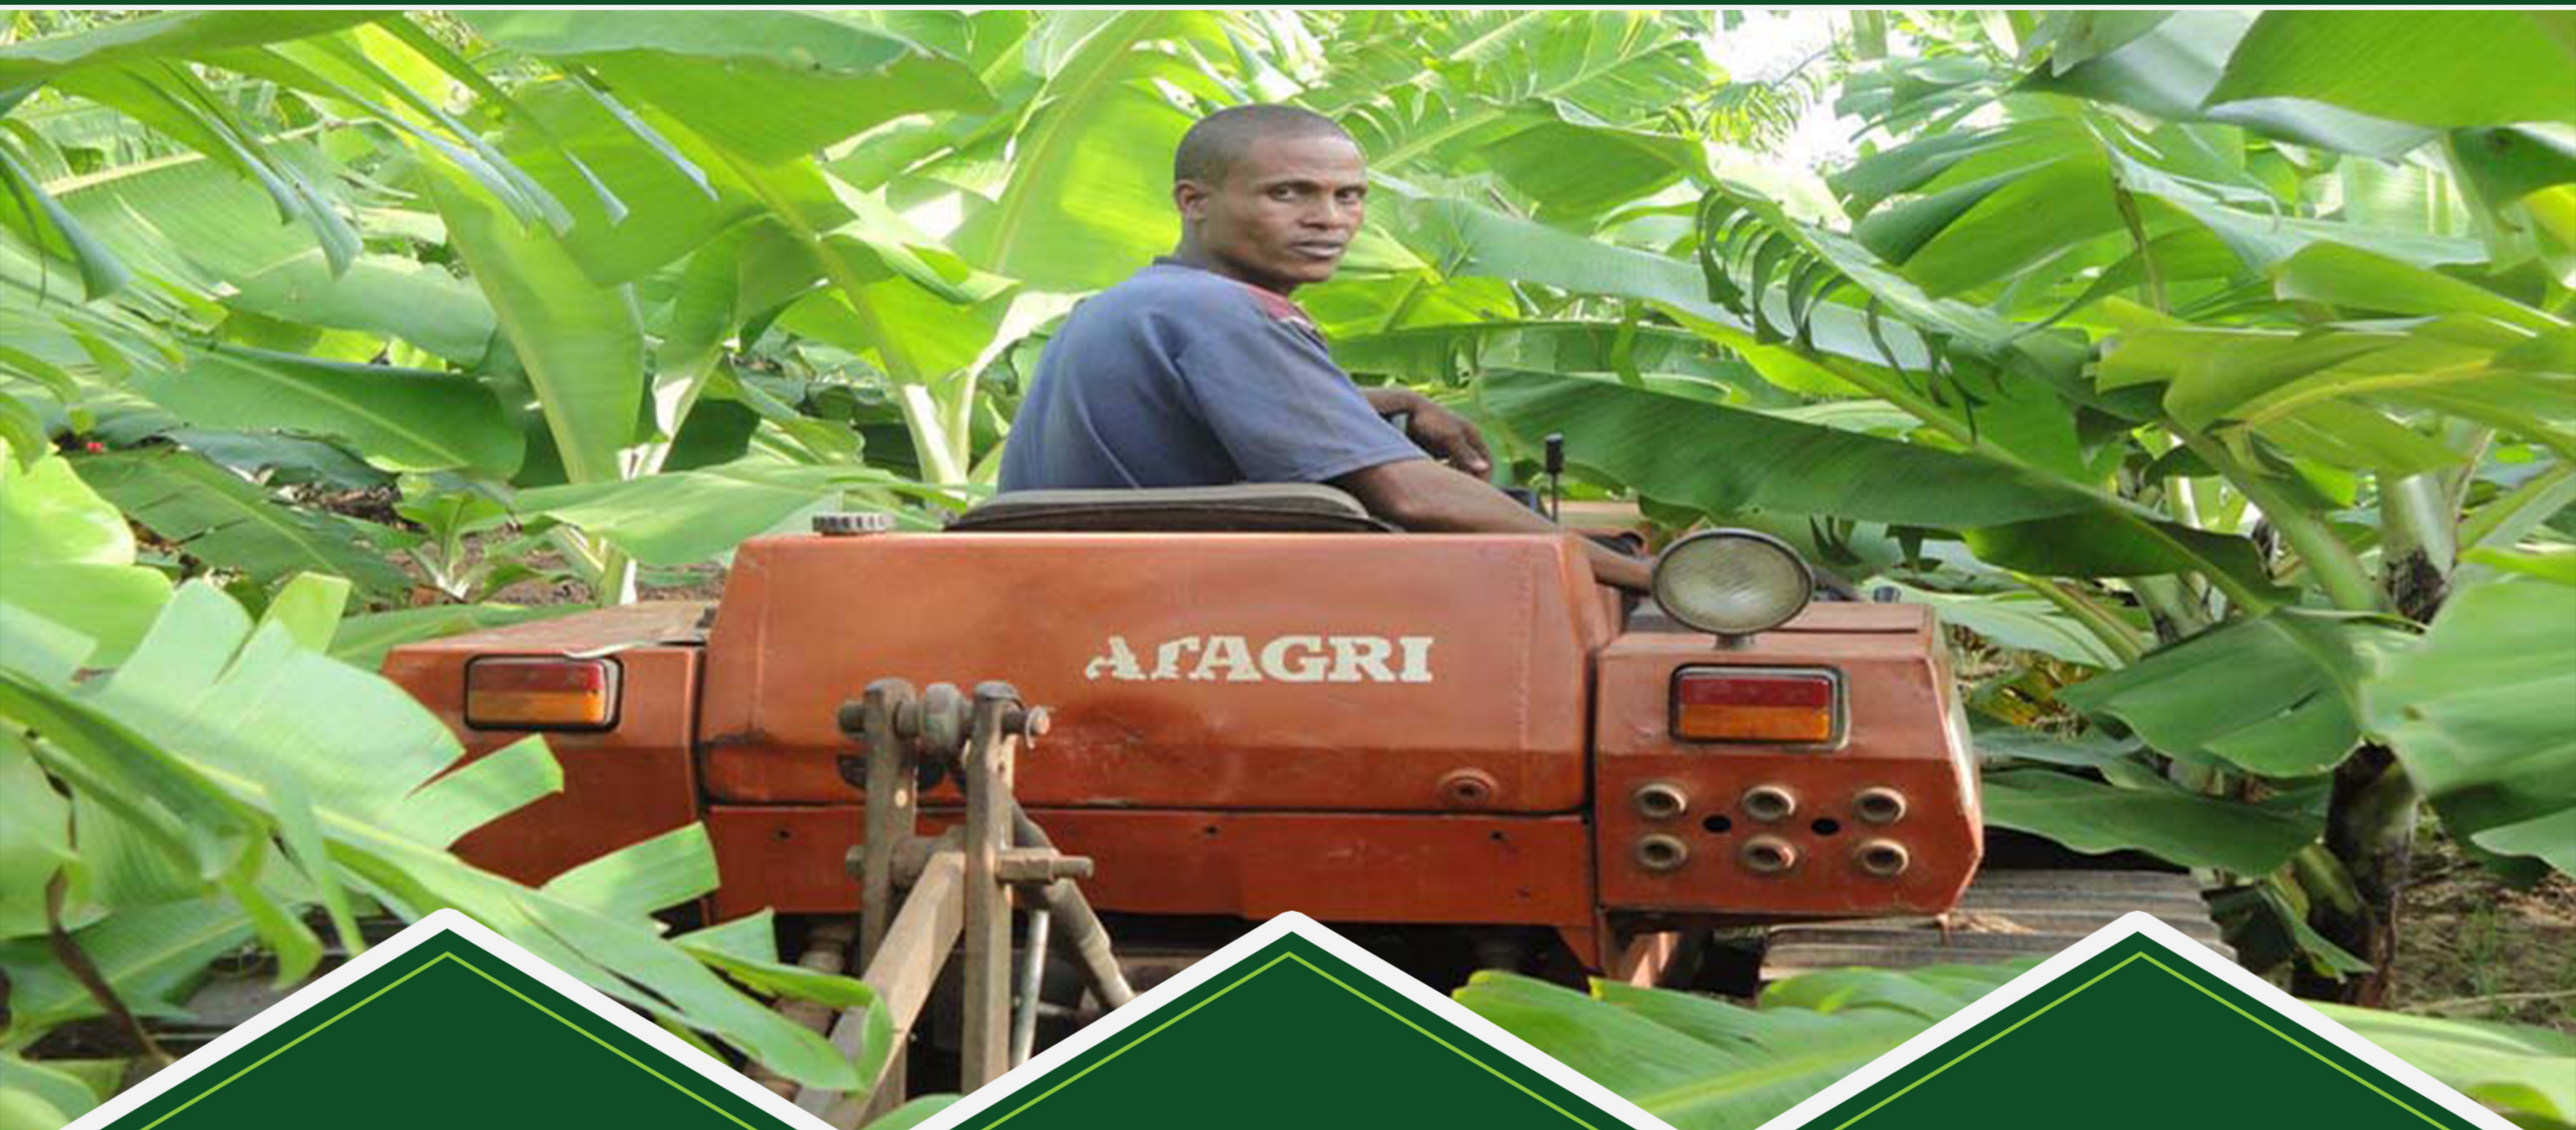

The company specializes in the sales, leases, services and maintenance of farming equipment such as tractors, wheeled tractors implements and farm accessories, large scale fruit farming and exportation, cash crop production, animal husbandry, farm mechanization, horticulture and green house. JAES offers the aforesaid agrarian promotion services free of charge with a bid to increase and stabilize agricultural production and productivity, increase disaster preparedness and prevention as well as increase income of the rural population.

The company also provides agricultural extension services and distribution of hybrid seeds for the vulnerable rural resident population farmers in arable, remote and inaccessible regions of Somalia such as Lower Shabelle, Middle Shabelle, Lower Juba, Bay and Bakol.

JAES co. products have got the agricultural machinery promotion certificates of National and Provincial government separately and passed OECD test.

Our company has also import and export license and certificates and has also obtained quality management system certification. Besides, we have been recently voted, selected and included into the Directory of Enterprises as the most Competitive Company in the agricultural machine line. Our products, because their virtue of being genuine in their quality and excellence in agricultural equipment service delivery, sell quite well all over the country. Furthermore, an acute shortage of manpower, absence of crop protection technology and rusted machinery are factors that obstruct the development of the farming sector in Somalia.

**Jubba Agro offers
the aforesaid agrarian promotion services free of charge**

OUR MISSION

To supply high quality and cost effective farm inputs, implements ,attachments for modern farmers , and beyond through non-stop research and development.

OUR VISION

To solidify customer loyalty by providing quality farm equipment and high levels of service and support that will enable our clients / farmers base to maximize roductivity and portability.

A SUCCESS STORY

Despite the impact of the downturn on financial services, we are pleased to announce that past years was yet another record year for JUBBA AGRO CO. in terms of growth, operating performance and alliance building.
